

PROVIDER DIRECTORY

Your primary care provider (PCP) is your primary healthcare provider who:

- Coaches and educates you with healthy lifestyle options
- Provides you with preventive and wellness care
- Identifies and treats you for general medical conditions
- Evaluates the critical nature of your medical condition; directing you to needed care
- Makes referrals to medical specialists when necessary

Your PCP will become your medical home. As a medical home, the PCP is your primary source for healthcare. They will refer you to a specialist if needed and help manage your chronic conditions. You will have an ongoing, trusting relationship with your PCP who knows your medical history.

Choosing a PCP:

All plan members must have a PCP. You must select a primary care provider who is in the plan network for you and your children from one of the following practices:

- Family practice
- General practice
- Internal medicine
- Pediatrician
- Obstetrician/gynecologist (OB/GYN)

Information in this directory is accurate as of the time of printing. For the most current information on providers who are in the plan network or for help selecting or changing your PCP, please visit www.mhswi.com under “Find a Doctor” or call Member Services at (888) 713-6180.

Finding a Specialist:

For a complete listing of **specialists**, please contact us at (888) 713-6180 or visit us at www.mhswi.com, under “Find a Doctor”.

Your PCP can also help to refer you to specialist if needed, and help manage your chronic conditions.
