COMMUNICATIONS FROM NHP

As a valued member, you will hear from us regularly. When you join, you will get a copy of this handbook and a member newsletter every four months. You also may get a postcard or phone call reminding you of needed exams. Some of our members are required to complete a **health screening or assessment**. We conduct these over the phone with you, or if you prefer, this can be done through our website or on paper. Our staff will always identify themselves when we call you or return your calls.

YOUR FORWARDHEALTH ID CARD

Always carry your ForwardHealth ID card with you and show it every time you get care. You may have problems getting care or prescriptions if you do not have your card with you. Also bring any other health insurance cards you may have.

PRIMARY CARE PROVIDER (PCP)

It is important to call your primary care provider (PCP) first when you need care. This doctor will manage all of your healthcare. If you think you need to see another doctor or a specialist, ask your PCP. Your PCP will help you decide if you need to see another doctor.

You **MUST** choose a PCP within 30 days of joining this health plan. If you do not choose a PCP, one will be selected for you. A list of in-plan doctors, hospitals and urgent care facilities is in the Provider Directory or online at www.mhswi.com. Providers who are not accepting new patients are marked in the Provider Directory.

You can choose a PCP in the following ways:

- mail in the PCP selection form enclosed in this packet (no stamp is needed) or
- call us at (888) 713-6180 to tell us which doctor you have selected or for help choosing or
- log in to the member portal on our website at www.mhswi.com and send us a note

PROVIDER NETWORK

For the most part, you must get care from our network of healthcare providers. If you cannot get a covered service from one our in-plan providers, we can allow the use of a non-plan provider for as long as needed. There will be no additional cost to you. Call us if you need help getting services.

NOTE: Women may also see a women's health specialist (for example an OB/GYN doctor or a nurse midwife) in addition to choosing a PCP. There are NHP doctors who are sensitive to the needs of many cultures.

EMERGENCY CARE

Emergency care is care needed right away. This may be caused by an injury or a sudden illness. Some examples are:

- Choking
- Trouble breathing
- Serious broken bones
- Unconsciousness
- Severe burns
- Severe pain
- Severe or unusual bleeding
- Suspected poisoning
- Suspected heart attack
- Suspected stroke
- Convulsions
- Prolonged or repeated seizures

If you need emergency care, go to a Network Health Plan provider for help if you can. BUT, if the emergency is severe, go to the nearest provider (hospital, doctor or clinic). You may want to call 911 if the emergency is severe.

If you must go to a non-Network Health Plan hospital or provider, call us at (888) 713-6180 as soon as you can and tell us what happened. This is important so we can help you get follow-up care.

Remember, hospital emergency rooms are for true emergencies only. Call your doctor or our 24-hour NurseWise nurse advice line at (800) 280-2348 before you go to the emergency room, unless your emergency is severe.

URGENT CARE

Urgent Care is care you need sooner than a routine doctor's visit. Urgent care is not emergency care. Do not go to a hospital emergency room for urgent care unless your doctor tells you to go there. Some examples of urgent care are:

- Most broken bones
- Sprains
- Non-severe bleeding
- Minor burns
- Minor cuts
- Bruises
- Most drug reactions

If you need urgent care, call our NurseWise nurse advice line at (800) 280-2348. We will tell you where you can get care. You must get urgent care from Network Health Plan doctors unless you get our approval to see a non-NHP doctor.

Remember; do not go to a hospital emergency room for urgent care unless you get approval from Network Health Plan first.

HOW TO GET MEDICAL CARE WHEN YOU ARE AWAY FROM HOME

Follow these rules if you need medical care but are too far away from home to go to your assigned primary care physician (PCP) or clinic.

For severe emergencies, go to the nearest hospital, clinic or doctor.

For urgent or routine care away from home, you must get approval from us to go to a different doctor, clinic or hospital. This includes children who are spending time away from home with a parent or relative. Call us at (888) 713-6180 for approval to go to a different doctor, clinic or hospital.

PREGNANT WOMEN AND DELIVERIES

You must go to a Network Health Plan hospital to have your baby. Talk to your Network Health Plan doctor to make sure you understand which hospital you are to go to when it's time to have your baby.

Also, talk to your doctor if you plan to travel in your last month of pregnancy. We want you to have a healthy baby and a good birthing experience. It may not be a good time for you and your unborn child to be traveling. Your Network Health Plan doctor knows your history and is the best doctor to help you have a healthy birth. Do not go out of area to have your baby unless you have Network Health Plan' approval.

You also may wish to pick a doctor for your child before you give birth. We will be happy to help you pick a doctor for your unborn child.

You also can go to the Cenpatico website at www.cenpatico.com. Your call is private and you talk to a real person who makes sure all of your mental health needs are met. While staff members can help you in most cases, if you have a life-threatening emergency, please go to the nearest hospital ER. Decisions are made based on a set of guidelines. Cenpatico does not pay people to make decisions that will deny you the care you need.

To find out more about your provider go to www.cenpatico.com or call (800) 589-3186. You can find out if your provider is listed. You also can learn which schools he or she attended, if he or she finished a residency and more.

FAMILY PLANNING SERVICES

We provide confidential family planning services to all enrollees. This includes minors. If you do not want to talk to your primary care doctor about family planning, call our Member Service Department at (888) 713-6180. We will help you choose a Network Health Plan family planning doctor who is different from your primary care doctor.

You also can go to any family planning clinic that will accept your ForwardHealth ID card even if the clinic is not part of Network Health Plan. But we encourage you to receive family planning services from a Network Health Plan doctor. That way we can better coordinate all of your healthcare.

DENTAL SERVICES

If you reside in Milwaukee, Waukesha, Ozaukee, Kenosha or Racine counties, NHP provides all covered dental services. But you must go to a NHP dentist. Call the Member Service Department at (888) 713-6180 or use the “Find a Dentist” tool on our website at www.mhswi.com.

If you do not reside in one of the counties listed above, you may get dental services from any dentist who will accept your ForwardHealth ID card. Your dental services are provided by the state, not Network Health Plan.

Dental Emergencies:

A dental emergency is an immediate dental service needed to treat dental pain, swelling, fever, infection or injury to the teeth.

What to do if you or your child has a dental emergency:

1. If you already have a dentist who is with Network Health Plan:
 - Call the dentist’s office.
 - Identify yourself or your child as having a dental emergency.
 - Tell the dentist’s office what the exact dental problem is. This may be something like a toothache or swollen face. Make sure the office understands that you or your child is having a dental emergency.
 - Call us if you need help with transportation to your dental appointment.
2. If you do not currently have a dentist who is with Network Health Plan:
 - Call (888) 713-6180. Tell us that you/your child is having a dental emergency. We can help you get emergency services.

HEALTH CHECK

Health Check is a preventive health checkup program for members under age 21. The Health Check program covers complete health checkups. These checkups are very important for children’s health. Your child may look and feel well, yet may have a health problem. Your doctor wants to see your children for regular checkups, not just when they are sick.

The Health Check health program has three purposes:

1. To find and treat children’s health problems early,
2. To let you know about the special child health services you can receive, and
3. To make your children eligible for healthcare not otherwise covered.

The Health Check program covers care for any health problems found during the checkup including medical care, eye care and dental care.

The Health Check checkup includes:

- a health history
- physical exam
- developmental assessment
- hearing and vision test
- blood and urine lab tests
- complete immunizations (shots)

Children age 3 and older will be referred to a dentist. You will receive help choosing and getting to a dentist. Ask your child's primary care doctor when your child should have his/her next Health Check exam.

CHIROPRACTIC SERVICES

You may get chiropractic services from any chiropractor who will accept your ForwardHealth ID card. Your chiropractic services are provided by the state, not Network Health Plan.

CASE MANAGEMENT SERVICES

NHP has several programs to improve the health of our members. We do this through education and personal help from our staff. This is referred to as case management. The goal of this service is to add to the quality of your care and help you improve your health.

Case management is part of your health benefits and is provided to you at no cost. NHP pays for this service. You may be selected for these services in a variety of ways:

- Your doctor may enroll you
- We may call you after reviewing your medical information
- You or your caregiver may call (888) 713-6180 and ask for help

Your case manager will help you work toward better health using the following methods:

- Frequent contact with members, family and health providers
- Member assessment and evaluation
- Care planning and setting short- and long-term goals
- Coordination of services to provide necessary and efficient care

A case manager is a resource person:

- To answer questions about treatment
- To help you meet your health needs by using knowledge of the healthcare system
- To help you consider your options and choices
- To work with you to develop a plan of care for home health services, if needed. These might include such things as nursing services, medical equipment and physical therapies
- To help with referrals for treatment at healthcare facilities
- To act as your link to NHP
- To identify covered benefits and help with referrals to specialists
- To help to plan your transition out of the hospital. This helps reduce the stress of dealing with an often complex healthcare system

Confidentiality:

The information obtained through our case management process is confidential. It is shared only when needed to plan your care and to properly pay your claims.

Ethics:

NHP provides case management services in an ethical manner based on the Commission for Case Management Certification's Statement on Ethics and Standards of Practice. Upon your request, information on NHP policies and standards regarding its ethical framework for case management, are available to staff, members, consumers, contractors and clients.

Health problems:

If you have a serious condition and need extra help, please call NHP. Together we can decide if you need a case management program at no cost to you.

WHEN YOU MAY BE BILLED FOR SERVICES

It is very important to follow the rules when you get medical care so you are not billed for services. You must receive your care from Network Health Plan providers unless you have our approval. The only exception is for severe emergencies.

If you travel outside of Wisconsin and need emergency services, healthcare providers can treat you and send claims to Network Health Plan. You will have to pay for any service you get outside Wisconsin if the healthcare provider refuses to submit claims or refuses to accept our payment as payment in full.

Network Health Plan does not cover any service, including emergency services, provided outside of the United States.

OTHER INSURANCE

If you have other insurance in addition to Network Health Plan, you must tell your doctor or other provider. Your healthcare provider must bill your other insurance before billing Network Health Plan. If your Network Health Plan doctor does not accept your other insurance, call the HMO enrollment specialist at 1-800-291-2002. The enrollment specialist can tell you how to match your HMO enrollment with your other insurance so you can use both insurance plans.

IF YOU MOVE

If you are planning to move, contact your eligibility agency. If you move to a different county, you must also contact the eligibility agency in your new county to update your eligibility.

If you move out of Network Health Plan's service area, call the enrollment specialist at (800) 291-2002. Network Health Plan will only provide emergency care while you are out of our service area. The enrollment specialist will help you choose an HMO that serves your area.

SECOND MEDICAL OPINION

You may seek a second medical opinion or consultation from other physicians on recommended treatments at no additional cost beyond usual co-pay amounts. You may also seek a second opinion from a non-NHP provider.

Second medical opinions or consultations will be subject to all of the terms, conditions, exclusions and limitations of the health plan coverage. If needed, we can help you get a second opinion from outside of our network. Give us a call at (888) 713-6180 for help with this.

IF YOU ARE BILLED

Some examples of fraud and abuse include:

- A lie on an application
- Using someone else's ForwardHealth card
- A provider (doctor) billing for services that were not done

You can report suspected fraud or abuse to us by calling Member Services at (888) 713-6180. Ask for the fraud program. All information will be kept private. Stopping fraud and abuse will provide more time and money for your healthcare needs.

HMO EXEMPTIONS

An HMO exemption means you are not required to join an HMO to receive your healthcare benefits. Most exemptions are granted for only a short period of time so you can complete a course of treatment before you are enrolled in an HMO. If you think you need an exemption from HMO enrollment, call the HMO enrollment specialist at (800) 291-2002 for more information.

You can let your doctor know about your feelings by completing a living will or power of attorney for healthcare form. Contact your doctor for more information.

RIGHT TO MEDICAL RECORDS

You have the right to ask for copies of your medical record from your provider(s). We can help you get copies of these records. Please call us for help. Please note: You may have to pay to copy your medical record. You also may correct wrong information in your medical records if your doctor agrees to the correction.

We cannot treat you differently than other members because you file a complaint or grievance. Your healthcare benefits will not be affected.

You have the right to appeal to the State of Wisconsin Division of Hearings and Appeals (DHA) for a fair hearing if you believe your benefits are wrongly denied, limited, reduced, delayed or stopped by Network Health Plan.
